### CITY CLERK AND COMMUNITY RELATIONS

- **Senior Planner Edith Duttlinger Retires After 34 Years:** The City of Mountlake Terrace recognizes Senior Planner Edith Duttlinger, who retired Friday after 34 years of service. Duttlinger dedicated more than four decades to local government. She stayed at Mountlake Terrace because it was a warm and involved community, a good place to work, and always interesting, she said. In Mountlake Terrace, her goal was to help create "a livable, attractive and meaningful place to live and work," she said. She provided guidance for public spaces that function in everyday life, within all the various codes and regulations.

Since Duttlinger started here in 1987, she's seen how careful change can really happen, even though it takes time. The city has sought to protect the residential areas that attract young families, while also fostering a downtown core that can support growing demand for density, public transit, and commercial spaces and services, she said. At City Hall, Duttlinger was known for her thoughtfulness and knowledge around development standards. She was tasked with thinking long-term and big picture, but with an eye on the details. Good planning, by her definition, means adapting when something inevitably changes.

The City Council adopted a resolution on Monday honoring Duttlinger for dedicated public service. The resolution noted that she has presented materials and responded to questions at hundreds of City Council meetings, Planning Commission meetings, open houses, community meetings and city events. Her tenure has seen the city complete numerous major Comprehensive Plan updates, Critical Areas Plans, Shoreline Master Plan updates, and a Town Center Subarea Plan with two subsequent updates.

Community and Economic Development Director Christy Osborn stated, "Many community members may not readily see the 'Duttlinger Effect,' but it is everywhere you look, in the landscaping and trees planted, protected critical areas, better building design and aesthetics, long-range plans and policies, and many years of making those around her better. Thank you Edith. You will truly be missed."

- **Have Coffee with the City on Wednesday, January 12:** The community is invited to the monthly Virtual Coffee with the City from 6:00 to 7:00 p.m. on Wednesday, January 12, via Zoom. The coffee hour presents an informal opportunity to hear what's happening, ask questions and share feedback. The virtual format makes it easy to attend. It is a casual setting with the City Manager and staff members to talk about city operations, events and opportunities for community involvement. Everyone is welcome and encouraged to attend, including students.

To participate by telephone, the call-in number is 1-253-215-8782. To join via the internet: 1) Go to <https://zoom.us/join>; 2) Enter meeting ID 880 4842 2899 and click "join" (you will be prompted to install the Zoom application if you do not already have it); and 3) Enter passcode 011222. Or, click the [meeting link](#). For more information, visit [www.cityofmlt.com/coffee](http://www.cityofmlt.com/coffee) or contact [cityhall@mltwa.gov](mailto:cityhall@mltwa.gov), 425-744-6206.

- **ARPA Funds Survey Results:** The online survey to collect input from the community on the best uses for American Rescue Plan Act (ARPA) funds closed on January 2. The city received 121 responses with "Community/Public Health and Safety" garnering the most support, with 36 percent of respondents listing that as their top priority. Examples in this category include partnering with Snohomish County and other regional agencies to expand access to mental health and addiction treatment services, expanding support services and shelter options, navigation services and neighborhood beautification projects.

"Household Assistance" (help with rent, utilities, childcare, medical bills, etc.) was next in order of importance at 25 percent followed by "Infrastructure and Amenities" at 21 percent. "Business Assistance" and "Replacement of Lost Revenue for Eligible Local Government" each received 9 percent.

Of the total respondents, about 87 percent were Mountlake Terrace residents, 4 percent were Mountlake Terrace Business Owners/Non-Profit Agency Administrators, 4 percent were residents and business owners, and 5 percent were in the "Other" category.

The survey results will be reviewed at an upcoming City Council meeting. Thank you to everyone who participated. Your feedback is greatly appreciated!

- **Community Satisfaction Survey:** Thank you to everyone who has responded to the mailed community satisfaction survey. This survey was sent to a specific number of households to generate a statistically valid sample. On Monday, December 27, an online version of this [survey opened](#) to everyone. *Please respond by Monday, January 10, 2022.* The results will be reviewed with the City Council in the coming weeks and will be used to evaluate how to best allocate services as the city prepares its 2023-24 Biennial Budget. (This survey is unrelated to the American Rescue Plan Act relief funds.)

**Utility Repayment Program:** The City Council has approved a repayment program that allows customers who have fallen behind in paying city utilities during the pandemic up to 18 months to catch up. These customers were contacted via letter, phone call and door hanger in to sign up for the repayment plan to avoid water being shut off in January.

If a household does not make these arrangements, the city's next option is to seek a lien on the property for the unpaid amount.

- **Best of 425 Contest:** Have you voted in the [425 Magazine](#) "Best of 425" contest? Mountlake Terrace restaurants, businesses and attractions are eligible! Voting ends January 14, 2022. To vote or to receive more information, visit <https://vote.425magazine.com/>.
- **New Utility Bill Online Access With Autopay:** Mountlake Terrace utility customers can access their water/sewer/stormwater bill [online](#) and set up automatic payments and more. This new service also offers payment notifications by text, email and phone. In addition, there is no fee for online payments made through the new vendor, Output Services Group (OSG).

Additional online features include the ability to view usage and billing history, and are expected to roll out in the near future. Residents who prefer to pay by telephone, mail or the drop box at City Hall still have those options.

- **Update on City Hall Reopening:** Plans to reopen for services by appointment, such as permitting and utility billing, are moving forward with lobby furniture and new signage on order. Once these things are in place, the community can expect an announcement. In the meantime, the city will continue to monitor health recommendations from the county and state and plan for fully reopening as guidance from health officials permit.
- **Vaccine Information:** The Department of Health has a [web tool](#) to help you find a vaccination appointment by entering your zip code. It looks at various scheduling options from multiple providers to find an appointment easier and is available in multiple languages (see upper right corner to change to another language besides English). For information or to make appointments, call the Snohomish Health District at 425-339-5278.

## **COMMUNITY & ECONOMIC DEVELOPMENT**

These fees pay for the review, permitting and inspection of land use and construction projects. Impact fees are used to fund the costs of development-related improvements to parks and roads. The Mountlake Terrace City Council approved these fee increases on December 6. Fees for most programs will increase to bring rates in line with the cost of providing services.

The development fees apply to all new permit applications received on or after January 1, 2022. Impact fees are applied when permits are issued. Detailed information on the proposed fee schedules [can be found here](#). For more information, contact Christy Osborn, Community and Economic Development Director, at 425-744-6281, [cosborn@mltwa.gov](mailto:cosborn@mltwa.gov).

During your work, permits must be on-site, workers must following COVID-19 protocols, and contractors must have a developed exposure control, mitigation, and recovery plan (Department of Labor & Industries will enforce requirements for contractors to comply). Please email [Permitspecialist@mltwa.gov](mailto:Permitspecialist@mltwa.gov) with questions.
