CITY CLERK AND COMMUNITY RELATIONS

- **City Receives Award for Employee Wellness Efforts:** For the fourth year in a row, the City of Mountlake Terrace has received the WellCity Award from the Association of Washington Cities (AWC) for promoting employee health. This accomplishment involved meeting 29 wellness requirements for the city to earn a 2 percent discount on its medical premiums. This occurred through the AWC Employee Benefit Trust, a local government benefit pool.

The award recognizes that employees who value and maintain good health are happier, less stressed, and use fewer sick days. The city benefits from reduced healthcare costs, improved employee health, increased productivity, higher morale, and better retention, which benefits taxpayers and the public good. AWC also notes that these wellness initiatives took place during the second year of a pandemic.

- **Community Satisfaction Survey:** Thank you to everyone who responded to the mailed community satisfaction survey. This survey was sent to a specific number of households to generate a statistically valid sample. An online version of the survey was also available. The results will were reviewed at the February 17 City Council work session. The survey data is also used to evaluate how to best allocate services as the city prepares its 2023-24 Biennial Budget. You can find a video of the meeting on this [webpage](#).
- **Mountlake Terrace Honored for Commitment to Urban Forest:** The City of Mountlake Terrace has been recognized as a Tree City USA by the Arbor Day Foundation for work done in 2021. This award honors the city's commitment to effective urban forest management.

The Tree City USA program is sponsored by the Arbor Day Foundation, in partnership with the U.S. Forest Service and the National Association of State Foresters. The city met four requirements: a local tree board or department, a tree-care ordinance, an annual community forestry budget of a certain threshold, and an Arbor Day observance and proclamation.

Trees are community assets that improve visual appeal, property values, air pollutants and wildlife habitat, among other benefits.

Additional details on the national program are available at arborday.org. For more information about canopy and forest management in Mountlake Terrace, contact Jeff Betz, Recreation and Parks Director, at 425-640-3101 or jbetz@mltwa.gov.

- **New Low Interest Loan Program Opportunity:** The Small Business Flex Fund is a new resource to help grow businesses and is supported by the Washington State Department of Commerce. It is a low-interest loan specifically for small businesses and nonprofits in Washington state.

The pandemic has impacted all our communities, but it has been especially hard on Washington's smallest businesses and nonprofits. The Small Business Flex Fund is designed to help small business owners and nonprofits access funds at a competitive interest rate so they can bounce back stronger than ever.

A truly small business-friendly loan, you will experience low interest rates, longer payback timelines, and community-based lenders with decades of experience helping Washington's small businesses and nonprofits thrive. Loan terms include: 3%-4% interest rates; no fees & interest-only payments for the first year; 60-month loan terms; no collateral is required; and 60-month loan term. The funds can be used for: payroll; rent and utilities; building improvements/repairs; marketing and advertising; supplies, and other business expenses.

The Small Business Flex Fund, developed in response to COVID-19, is designed to get financial support into the hands of Washington State's smallest businesses and nonprofits. To be eligible to apply, small businesses and nonprofits must employ 50 or fewer full-time equivalent (FTE) employees, have annual revenues of less than \$3 million per year, and experience a direct economic disruption as a result of COVID-19. Learn more [online](#).

- **Vouchers Available for Swim Lessons:** Swim lesson vouchers have recently been distributed to all third graders in the Edmonds School District in collaboration with [Verdant Health Commission](#) and south Snohomish County cities. Verdant Health Commission's grant provides three vouchers per third grader redeemable at the Recreation Pavilion pool. This program aims to provide greater access to swim lessons, allowing students to improve their swimming abilities and to be more knowledgeable in and around the water. For students (K-12) who are not in third grade, non-swimmer vouchers provided by the grant are also available at the Pavilion pool. Registration is available online via the [Dash](#).

Vouchers for third grade students are redeemable for swim lessons, levels 1-4. The non-swimmer/beginner vouchers are for anyone in the Edmonds School District, K-12, for level 1 or tadpole lessons.

If you wish to utilize the free swim vouchers, please enroll and pay online and bring your vouchers to the Pavilion by the end of your child's first swim lesson for a refund.

For questions or more information, please contact the Recreation Pavilion at 425-776-9173 or mltrecreation@mltwa.gov.

- **Ballinger Park Waterfront Re-Opens After Renovations:** The Ballinger Park waterfront opened two weeks ago after being closed since the summer. The updated waterfront features a new 220-foot aluminum fishing pier, boat launch, dock, restrooms and other amenities. The city thanks the community for their patience during the closure.

Some fencing will remain on site to protect new plantings that remain vulnerable. Please follow all posted signs as the crews wrap up remaining tasks.

Construction started in July on improvements totaling nearly \$1.5 million, much of it funded by grants. The project focused on active waterfront recreation on the east side of Lake Ballinger with quiet activities on the west side. It is important to note that fishing should take place on the new pier and not the boat launch.

Many of the amenities were originally installed in the 1970s, and the park needed to better account for modern standards around accessibility and habitat protection. This year will bring [construction of a Universally Accessible Playground](#) nearby. A separate project, on the west side of the park, involves new trails and a wildlife viewing platform, along with [a realignment of Hall Creek](#) for habitat restoration. Designs are nearing completion, with construction expected in 2023.

- **Update on City Hall Reopening:** Plans to reopen for services by appointment, such as permitting and utility billing, are moving forward with lobby furniture and new signage on order. Once these things are in place, the community can expect an announcement. In the meantime, the city will continue to monitor health recommendations from the county and state and plan for fully reopening as guidance from health officials permit.
- **Vaccine Information:** The Department of Health has a [web tool](#) to help you find a vaccination appointment by entering your zip code. It looks at various scheduling options from multiple providers to find an appointment easier and is available in multiple languages (see upper right corner to change to another language besides English). For information or to make appointments, call the Snohomish Health District at 425-339-5278.

COMMUNITY & ECONOMIC DEVELOPMENT

- **Inspection Requests Move Exclusively Online:** Beginning March 14, the City of Mountlake Terrace will require all inspections to be requested via the [Permit Portal](#). The city continues to make an effort to provide consistency and expedite the inspection scheduling process. Consolidating permits and required inspections through the portal streamlines this progression. The option to call the Inspection Hotline will continue through March 11. Afterward, the former Inspection Hotline will redirect callers to the portal. Additionally, all permit information is housed online, in the same place, and can be accessed by using the permit number. Information regarding the necessity of inspections, and staying in compliance with the accompanying permits, is located on the [Permits & Licenses](#) page. If you do not have online access, and need to request inspections, please email permitspecialist@mltwa.gov with your permit number, and your request to be added to the account. For additional assistance, please call 425-744-6267.
- **Mountlake Terrace Updates Development and Impact Fees:** On January 1, updated development and impact fees went into effect. These fees pay for the review, permitting and inspection of land use and construction projects. Impact fees are used to fund the costs of development-related improvements to parks and roads. The Mountlake Terrace City Council approved these fee increases on December 6. Fees for most programs will increase to bring rates in line with the cost of providing services.

The development fees apply to all new permit applications received on or after January 1, 2022. Impact fees are applied when permits are issued. Detailed information on the proposed fee schedules [can be found here](#). For more information, contact Christy Osborn, Community and Economic Development Director, at 425-744-6281, cosborn@mltwa.gov.

- **Permits:** Until the city re-opens for in-person services, [permit applications](#) are accepted through a ‘no-contact’ procedure. Permit processing times have increased due to compliance with COVID mandates. Call 425-775-9694 to schedule an inspection and have your permit number and address ready. During your work, permits must be on-site, workers must following

COVID-19 protocols, and contractors must have a developed exposure control, mitigation, and recovery plan (Department of Labor & Industries will enforce requirements for contractors to comply). Please email Permitspecialist@mltwa.gov with questions.

- **Interactive Map:** View the [interactive map](#) showing all development projects currently happening in the city. Project PDF pages can be viewed by either clicking on numbers in the map or their names on left side of the map.
