

BUILDING, ELECTRICAL AND FIRE-RELATED PERMIT FEES

Effective January 1, 2022

1. Building Permit Fees

All building permit fees consist of the following:

- a. Permit Fee based on fair market project value determined by the applicable building valuation schedule.
- b. Plan Review Fee is 65% of the permit fee, except for expedited reviews (see Section 5 for Expedited Review) and except as otherwise provided under Section 4, in addition to any other fees required.
- c. Other permits related to building permit are subject to separate applications and fees (electrical, mechanical, plumbing, fire, back flow assemblies, shoring, retaining walls, etc.).
- d. New Construction - Valuation rates and fees are based on the International Code Council Building Valuation Data. New construction includes additions. For new mixed-use commercial shell space valuation, square foot construction cost valuations will be based on A-2 Assembly, restaurants, bars, banquet halls (25%), B Business (50%), and M Mercantile (25%).
- e. All other construction - Valuation is based on the valuation table below with value verified by the Building Official.
- f. The Building Official may, at their discretion, accept valuation from other sources.
